

MOBILE WEB

Box Up Solutions, making your site available on the
Largest Providers - Biggest Communities - Best Selling Handsets

Widely accepted, worldwide, mobile web access

Get your business Mobile Web compliant, accessing WAP protocol technology, XHTML standards, and Windows Mobile Operating Systems. Our Mobile Web technology will make your site or web application instantly available in over 90% of mobile phone and Pocket PC handsets worldwide!

With the emergence of 3G, mobile internet access is set to rise, and the Mobile Web is well positioned to benefit tremendously from the 3G adoption.

Hot Spots are springing up everywhere, and with mobile phone browsers and Blackberry devices already moving steadily upward in user adoption, your content needs to be accessible to users continuously on the move with mobile device in hand.

Box Up Solutions can help you use Mobile Web technologies to successfully access the mobile internet, and extend your site and its applications to the large and ever growing handset network!

i-mode™

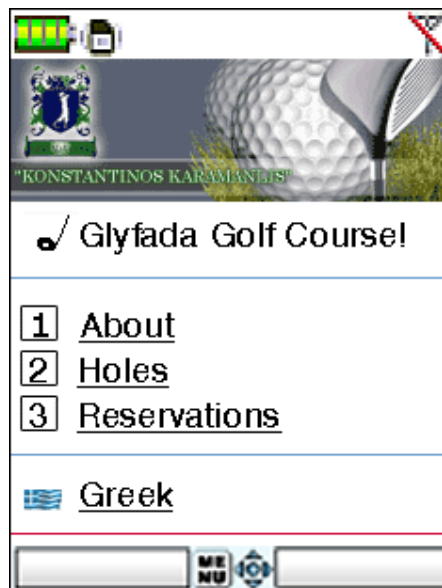

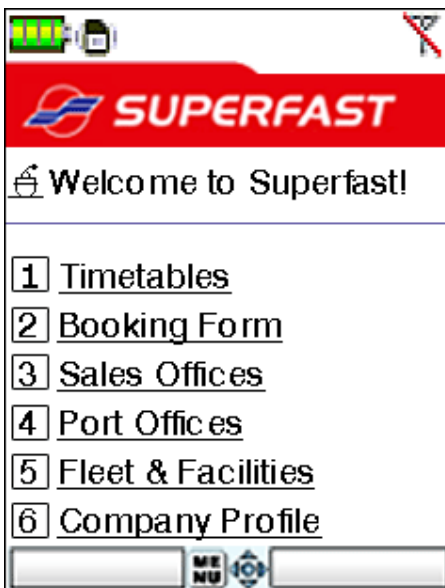

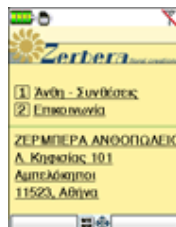

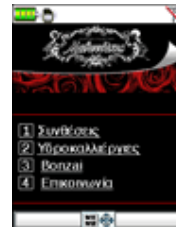

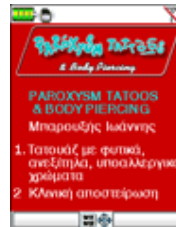

60 Million Registered Users Can't Be Wrong!

Get your business on the most popular mobile internet service in existence today!

The i-mode™ service is already a massive success in Japan and Asia and has already been launched in a number of countries throughout Europe, with each country offering its own unique content and terminals.

Box Up Solutions has already developed a variety of i-mode™ related sites and services. We continue to forge ahead in developing i-mode™ content for our customers who want to reach the surging i-mode™ user base and increase their brands reach and visibility. Go internet mobile with Box Up Solutions' i-mode™ sites!
